Zing 72 Botanical Gin

NC 20-267 Retail \$27.95

Handcrafted in the South of France. Made of winter wheat, is an elegant mix of 6 botanicals and 6 Provençal herbs. The gin is distilled in antique-like small copper alembics. "Zing" is inspired by the old French slang "Zinc," which means copper and refers to any old metallic machine. "72" refers to the hours of maceration time the botanicals and herbs are steeped in the unflavored spirit. The unique copper bottle will remind consumers of the tradition of distilling in alembics.

80 proof 6 gift sets to a case

2017 Craft Spirits Competition: Gold Medal, 2017 SIP

Awards: Platinum Medal
