

Keith Fierman is the Director of Family Support and Public Relations at Cirque lodge. Keith came to Cirque after years in the field as one of our country's leading interventionists. Keith currently sits on the Board of Directors for The Association of Intervention Specialists and the Board of Directors for the ADAC. Keith is a Certified Drug and Alcohol Therapist and Board Registered Interventionist. Keith after referring many clients to Cirque Lodge through the years retired from being an active interventionist and has taken a position with the staff that has allowed him to use his vast experience in working with families gleaned from his years in the field. "I wanted to work for a center where every employee believes they can make a difference." Keith speaks nationally and internationally about the importance of a healthy treatment experience and the role of family support in that treatment experience and recovery.
