

PROFILE

Dr. Forzley was born in Joliet and grew up in Lemont. When deciding what to study, he enjoyed biology classes and thought “the eye was a fascinating organ to study”. In 1986, he graduated from the Illinois College of Optometry and his post-graduate training included an internship at Fort Sheridan Army Base and the Chicago Lighthouse for the Blind. Dr. Forzley opted to stay in Illinois to practice because of his family and aides those in need through his service in the Lemont Lions Club.
