

PIEI-KENYA-DOWM

Dorcas Orphans & Widows Ministry

Teddy Humphrey

Birthdate: January 9, 2013

Teddy is living with his grandmother after the death of both parents. Kenya considers a child with both parents deceased a true orphan. Although they aren't his siblings Teddy has two brothers (cousins to him) living with him. One is the same age as him and the other is 6 years old. It is fun all living together with their grandmother.

Teddy is in grade 6 at Mbau-ini Primary School. He likes to play Volleyball. His favorite color is black. His favorite foods are Ugali and meat.

This young boy appreciates having a sponsor providing for his school tuition and his school uniforms. His sponsor also provides food supplies, clothing and medical insurance. He is thankful for the good care he receives from so many who care about him.
