

PIEI-KENYA-DOWM

Dorcas Orphans & Widows Ministry

Ian Ndegwa

Birthdate: July 21, 2016

Ian and his brother Peter are nine year old twins. The two of them and their older brother and sister were all taken to live with their grandmother when their parents both died of cancer. Their grandmother is a widow and in need of financial help to provide for the four children. DOWM leadership agreed to bring them into the ministry and see if sponsors could be found for them.

Ian attends Kijabe Primary School and is in grade 2. He is what is considered a true orphan as both his parents are deceased. His favorite colors are red and black. Ian's favorite foods are rice, beef and cabbage. A sponsor will provide funds for school tuition, food, clothing and medical insurance per child.
