## Dorcas Orphans & Widows Ministry

**Simon Njogu**

**Birthdate: April 13, 2020**

Simon is a young five year old boy who lives with his mother and three siblings. They live close to Pastor Francis. The children attend Kijabe School. Simon attends the nursery/preschool class. He has been sponsored for two years.

Beth's husband deserted her and the children and has not been seen or heard from. It is suspected he died in a road accident.

DOWM is reaching out to the young mothers in this situation. Not necessarily a widow, but a single mom with children to care for. The goal of DOWM is to get the children attending school regularly and getting the mom into a vocational/technical training where they can learn a skill to help them find employment and care for their children.

Simon shared with us some of his favorite things. His favorite food is rice. His favorite color is black. His favorite game is football (soccer in the US). He wants to be in the Army when he grows up.
