Sponsor Needed

Luke Kamau

Birthdate: May 23, 2010

Fifteen year old Luke Kamau tragically lost both of his parents to cancer. He and his three younger siblings were taken to live with their widowed grandmother. Sadly his grandmother has no income and raising four grandchildren is nearly impossible. Many times they go without food in a day. Having a sponsor will provide food, clothing, school tuition and medical insurance for Luke. He is in grade 8 and attends Kijabe Primary School when he has tuition.

Luke's favorite colors are yellow and blue. He enjoys eating ugali (a type of corn meal mush). He also likes eggs and sweet bananas.
