I would like to introduce you to Peter Muchiri. Peter is 7 years old. He lives in Matathia with his mother, step-father two sisters and three brothers

Peter attends Mbau-ini Primary School. He is in grade 1 and doing very well in school. He is a witness of how the DOWM After School Program has helped DOWM students to improve in their school studies. This young man enjoys reading and having books read to him.

Peter is blessed to have two wonderful people from the US sponsoring him. He has a very special memory of meeting them in 2019.
