Sponsor Needed

**Melvin Mungai**

**Birth: June 14th, 2011**

Melvin is a 14 year old boy living with his grandmother. He is considered to be a true orphan since both his mother and father are gone

Melvin attends Mbau-ini Junior School where he is in grade 6. He has many friends at school. He looks forward to attending the DOWM After School Classes. It helps him understand better what he is being taught in class during the day. He enjoys participating in the games his friends like to play.

His favorite colors are black and white. He likes eating ugali and meat. Ugali is a very thick form of corn meal mush. So thick they eat it with their fingers.

(The picture above shows Mbauini Junior Students at memorial service for Shelly Watkins.)
