

PIEI-KENYA-DOWM

Dorcas Orphans & Widows Ministry

Kelvin Mwangi

Birthdate: October 30th, 2010

Kelvin Mwangi is the oldest of four children living with his single mom. His father died in a road accident making Kelvin and his siblings single orphans.

Kelvin is in the 8th grade at Kijabe Primary school. He hopes that by doing good in school and getting good grades he will be able to go to college and become a pilot.

DOWM is blessed to have a very kind man sponsoring Kelvin and two of his siblings. His kindness keeps the children in school by paying their tuition and providing school uniforms. He also provides food, clothing and medical insurance for them.

These children have had difficult lives. It is our prayer, through the DOWM Ministry and our wonderful sponsors, to bring smiles to their faces and happiness to their lives. Please keep them in your prayers.
