

PIEI-KENYA-DOWM

Dorcas Orphans & Widows Ministry

Humphrey Kariuki

Birthdate: August 22, 2018

Humphrey Kariuki Njeri has grown up in our DOWM family. His mother died when he was three years old and he and his brother Peter went to live with their grandmother. Their cousin Teddy, also an orphan was living with their grandmother too. Their grandmother is a widow and they all work together to help each other in their home.

In 2021 a team from the US came to visit the DOWM widows and orphans. One of the ladies chose to sponsor Humphrey at that time. She has been a blessing in his life. Her sponsorship provides food, clothing, school tuition and medical treatments for Humphrey as needed.

Humphrey is now in grade one at Mbau-ini Primary School. His favorite game is football (soccer in the US), his future goal is to be a doctor. His favorite color is red/maroon and his favorite food is meat.
