

# PIEI-KENYA-DOWM

## Dorcas Orphans & Widows Ministry

**Tobias Wanamanda**

**Born: September 3, 2020**

Tobias is one of four children being raised by his mother. In Kenya he is called a single orphan because he only has one parent caring for him. His father is unknown. We have no information about him or his whereabouts.

Tobias attends nursery school at Mbau-ini Primary School. His younger brother Kennedy is also attending this nursery class. Two other siblings also attend Mbau-ini Primary in older classes.

Ugali (flour flatbread) and beef are his favorite foods. His favorite color is black. His favorite game is Hide n Seek.

Tobias's siblings tell us that when he grows up Tobias would like to be a policeman.

This young boy is blessed to have a sponsor from the US. A special name that she likes to call him is "Toby". Thank you Brenda for your prayers for Toby and his financial support. We hope that one day you will visit Toby and his family in Kenya.

In the photo above Toby is following his mother as she carries his younger brother up the stairs to the house where they live.
