## Dorcas Orphans & Widows Ministry

**Mary Nyambura**

**Birthdate: February 19, 2012**

Mary has been with the orphan program long enough for us to watch her mature into an independent, hard working young lady. Mary does not know her parents. She was deserted and left with her Grandmother Mary Nyambura Njoki, her namesake. Young Mary has the responsibility of caring for herself and her grandmother who is not well.

Mary and her grandmother's home was badly damaged by the rain and flooding that occurred in the mountains in early 2024. They were given some land in a safer location and later in 2024 received a new house by a generous donation.

Mary attends Mbau-ini Primary School. She is in grade 5.

Both Marys are in the DOWM program and are being sponsored by the same person.
