

Farmington Public Schools hosts sessions to refresh District's Mission and Vision

Farmington, MI – Farmington Public Schools (FPS) is looking to refresh the Districts' Mission and Vision. FPS believes that a strong vision, shared across diverse stakeholder groups can have a lasting impact on the influence through changes in leadership at both the District and the local level. FPS began this work when designing the FPS Profile of a Lifelong Learner and wants to continue that within the vision of the District.

The Farmington Profile of a Lifelong Learner represents a promise to the community. The District now wants to gather feedback to ensure that the Mission and Vision of Farmington Public Schools is in alignment and supports the FPS Profile.

In order for stakeholders to provide their input on the District's mission and vision, FPS is hosting facilitated sessions led by KnowledgeWorks Director of Teaching and Learning, Laura Hilger.

All sessions will be held in person in the Board of Education Meeting Room located at the Maxfield Education Center, 32789 W. 10 Mile Road, Farmington.

Please join one of the following sessions to provide your input:
