COVID-19 Well-Being Assessment Tool

- floridablue.com now features a COVID-19 Well-Being Assessment tool located in the lower corner of each page.
- The interactive tool is available to anyone to answer questions about COVID-19, provide testing locations, ascertain your risk to COVID-19, help you understand your test results and more.
- It is part of several helpful resources available to all Floridians at floridablue.com/COVID19.

Personalized Florida Blue Center Virtual Support

- **Our locally based neighborhood nurses, community specialists and sales and service personnel are available to provide personalized virtual support to our members and the public. They can assist with:**
 - Questions about COVID-19 and testing
 - Financial assistance options to help pay for your health insurance
 - Support for those struggling to afford groceries, rent, utilities and other essentials
 - Emotional support if you're overwhelmed by COVID-19, financial struggles or other concerns
 - Finding virtual health care options
 - Navigating the health care system
- You can reach your local nurses, social workers and support consultants by calling your nearby Florida Blue Center or 877-352-5830 to be automatically routed to the Center closest to you.
- Florida Blue has handouts available for you to download and share with your community contacts explaining no cost services available via virtual support in English and Spanish.

Covid-19 Webpage

Expert Advice You Can Share

- Florida Blue's public health expert, Dr. Kelli Tice Wells, has recorded several videos our community partners are welcome to use related to COVID-19
- What is social distancing?
- Properly washing your hands
- Overview of COVID-19
- COVID-19 symptoms
