

Three County Continuum of Care

2023 Year in Review

As 2023 draws to a close and 2024 looms near, the Three County Continuum of Care wanted to highlight just some of the great work our partners have done this year. The work is often thankless and can feel like a drop in the bucket, but every drop adds up. Every relationship formed, every resource provided, every person housed makes a difference. We are so grateful for everyone working to make homelessness rare, brief, and nonrecurring, and look forward to what we can achieve together next year.

CoC Updates

since January 1, 2023...

Over **200** people have exited shelter into housing!

22 people with Emergency Housing Vouchers signed leases and moved in to apartments!

Our region has received additional vouchers, and **23** have been issued!

155 people have enrolled in a permanent housing program, **59** of whom have a recorded move in date!

The combined attendees for all trainings this year is over **800**!

The CoC received a **grant** from the Massachusetts Housing and Shelter Alliance to build out our online training platform, so that providers all over Western MA will have access to uniform knowledge, and we can't wait to continue that work in **2024**!

Partner Updates

Since January 1, 2023...

ServiceNet

Successfully **transitioned** Northampton & Greenfield individual shelters to a new provider!
