Activities, Recreation, and Care for Individuals with Developmental Disabilities

From the Warson Family

Debbie Warson, beloved daughter, sister, aunt, and friend to the ARC community, passed away on April 9 after losing her battle against Alzheimer's Disease.

In 1996, she decided to live independently and in early 1997 moved into the ARC apartments. Her life was filled with joy and happiness, and she loved living with her lifelong friends.

With the support of ARC she was able to continue to live with her friends who went to her room to dance with her, even if she could no longer get out of bed. Debbie will be dearly missed by both her family, and all who she loved at ARC.
