

New Housing Grants Available Soon!

Are zoning regulations getting in the way of achieving your community's vision?

Good News: Another round of InvestNH Municipal Planning and Zoning Grants will be available in the Fall of 2024 to audit, and even rewrite, your land use regulations to allow housing options that meet your community's needs.

Even Better News: The North Country Council (NCC) can help you create a project and draft your grant application. Contact NCC Staff (acleveland@nccouncil.org or 603-444-6303) to schedule a 30-minute consultation to craft your project today.
