

The DuPage Regional Office of Education (ROE) is proud to be an Illinois State Board of Education-approved **IL-Empower Learning Partner**. The DuPage ROE can support schools in Culture & Climate, Educator & Employee Quality, Continuous Improvement, Shared Leadership, Family and Community Engagement, Governance, and Management & Operations. *Email us for more information.*

SEL HUB

The SEL Hub can support schools with their SEL/Trauma related goals. One of our SEL Hub coaches can meet with school leaders to help identify your priority areas related to SEL and then assist with action planning, resources, and professional learning.

READING

Our staff can help your school select new resources, learn the best use of resources you already have, and design curriculum to help readers become proficient in all areas of literacy: phonics, phonemic awareness, fluency, comprehension, and vocabulary. Our staff can also assist in determining which assessments give the best data and how to best use the data you already have.

CIVICS/ SOCIAL STUDIES

The Illinois Civics Hub can provide professional development aligned to the K-12 IL Social Science standards and course mandates, middle and high school civics requirements, and the proven practices of civic education across disciplines. Explicit connections are made to literacy, SEL, Equity, and the Danielson Framework for Effective Teaching.

RESTORATIVE PRACTICES

Restorative Practices help build positive, safe, and equitable school climate and culture. Because they require a paradigm shift in how discipline, punishment, and accountability is viewed, we offer a variety of training options including restorative processes and practices, as well as the skills needed for successful implementation.

PLC/ COACHING/ CO-TEACHING

Professional Learning Communities (PLCs) offer creative approaches to classroom challenges. The ROE staff can support your coaching staff by helping them set goals, build relationships, and practice effective coaching skills. The ROE can also provide professional development on co-teaching, which increases and deepens teacher utilization and supports student achievement.
