

# Priority Standards

## A Five-Part Professional Learning Series

*presented by Larry Ainsworth*

*Participants in this 5-part professional learning series will understand the rationale and process steps for prioritizing the Illinois Learning Standards (Common Core State Standards) in all grades and all content areas. They will be able to see the relationship between Priority Standards and supporting standards and how to use the established criteria to first select and then vertically align Priority Standards as the foundation for constructing an integrated teaching and learning system.*
