

EARLY CHILDHOOD NEW-HIRE COHORT

Did you add new Early Childhood teachers to your team this school year?
We hope they can join our Early Childhood New-Hire Cohort!

This program is intended for teachers *new to teaching Early Childhood (EC)*. Four professional development (PD) sessions that are common to all EC programs will be offered:

- Developmentally appropriate practices
- Social and Emotional Learning (SEL) and The Pyramid Model of Social Emotional Supports
- Working with parents and dealing with difficult situations
- Teacher's Choice—this session will be built based on the identified needs of participants

Approximately two weeks after each PD session, registrants will participate in collaborative sessions where they will brainstorm ideas for implementation of strategies, share experiences, and work together to solve any challenges.

DATES/	9/30/21	SEL and Pyramid
TOPICS:	10/14/21	Collaboration
