

Implementing an MTSS Framework for Promoting a Culture of Attendance

This workshop series is designed for district and school staff who have a key role in improving school attendance and addressing problematic absenteeism. Participants are encouraged to come as a team, if possible, and attend all three workshops.

Workshops are intentionally scheduled approximately one month apart so participants can “try out” new strategies in-between workshops and discuss their successes/challenges.

SESSION 1

September 20, 2023

*Getting Started: Promoting
a Culture of Attendance
in Your School*
