

*Tier 2 and Tier 3*

# ***Assessments & Interventions for Students with Social-Emotional-Behavioral (SEB) Needs and School Attendance Problems***

*presented by Dr. Patricia Graczyk*

**Thursday, March 14, 2024 | 8:30 am - 12 pm | Center for Professional Learning**

The prevalence of Social-Emotional Behavioral challenges has increased since the pandemic, and school psychologists, social workers, and counselors are often called upon to assess and intervene on behalf of students who require Tier 2 and Tier 3 supports.

School-based mental health professionals are invited to join the DuPage ROE and Dr. Patricia Graczyk for an engaging and informative workshop dealing with these challenges, including:

- Behavioral Assessment Screening for Children (BASC)
- Narrowband screening measures
- Internalization of issues such as anxiety
- School attendance issues
- Tier 2 and 3 tools
- Evidenced-based interventions

**MORE INFO**

*Patricia A. Graczyk, Ph. D. is a licensed clinical psychologist and school psychologist in the state of Illinois and an Assistant Professor of Clinical Psychology in the Institute for Juvenile Research, Department of Psychiatry, at the University of Illinois Chicago (UIC). Her current research interests focus on the utilization of a school-based tiered framework of evidence-based practices to promote school attendance, decrease school attendance problems, and prevent and treat anxiety, depression, and trauma in children and youth.*
