

THRIVING SCHOOLS IMPROVEMENT

*Intentionally & Strategically Building on Past
Successes & Challenges*

Course #AA3909

This academy focuses on research-based understandings about effective and sustainable prosocial school improvement efforts. Prosocial schools support two foundationally important & coordinated processes:

1. Instruction that promotes social, emotional, civic, and academic learning
2. Systemic improvement efforts that are designed so students and adults can both feel and be safe, be supported, and be engaged

Participants must complete 3 hours of pre-work prior to the Academy.
