

ReferralGPS

Connecting People to Treatment

ReferralGPS makes it easy for individuals and families to connect with mental health care resources and providers in their communities.

We are locally based in Illinois, we are a part of this community and are well versed in the resources available to connect families to care.

OUR PURPOSE

To connect communities to reliable, ethical and high-quality mental health care services.

We provide access to our proprietary platform of verified local mental health resources to help staff and families in accessing community-based mental health treatment. In addition, we provide Care Navigation to connect with individuals for phone navigation and appointment setting.

PARTNER SERVICES

- ☐ Full web platform access to our 12,000+ verified local mental health resources
- ☐ Care Navigation assistance with:
 - ✓ Accessing verified mental health providers
 - ✓ Discovering telehealth options
 - ✓ Assessing provider availability
 - ✓ Reducing wait times into care
 - ✓ Navigating insurance or no insurance
 - ✓ Scheduling an appointment(s)
 - ✓ Response time is typically within 1 day

PRICING

- ✓ Contact us to discuss pricing
- ✓ Prorated for the FY21-22 year

ReferralGPS

Connecting People to Treatment

OUR PURPOSE

Our team connects individuals and families with available, verified mental health providers and substance use treatment programs matched to their needs regardless of circumstance.

ReferralGPS is a complement to staff:

- Removes the need to research and revise resource list
- Absolves liability from referring to unvetted providers
- Tracks all communications and outcome of referrals to community resources
- Provides referring entity with data on the mental health needs of community
- Bridges to community providers for needs that exceed the scope of referring entity services

WHAT WE ARE KNOWN FOR

- ☐ Provide equity of access no matter the need, language, insurance or lack thereof
- ☐ Empathetic advocates who navigate barriers to care, reducing frustration
- ☐ Known for our relentless follow up; expediting successful connections

PARTNER INSTITUTION SERVICES:

Access To:

- ✓ Proprietary database of mental health providers including all pathways of care: low, medium and high severity, as well as telehealth options
- ✓ Care Navigator; matching with verified local and state wide providers
- ✓ Multilingual Care Navigation support via phone or email to find available providers, confirm availability, navigate all insurance and payment, make appointments, and follow up the day after and two weeks into care
