

SEL SUMMER SYMPOSIUM

Back2School

SEL HUB
in Area One

As we prepare for the 2022-2023 school year, the SEL Hub and the DuPage ROE are proud to present our SEL Back2School Symposium. We invite educators and leaders from across the area to serve as presenters as part of this groundbreaking event.

The purpose of the event is to support our area educators as they prepare for the new school year by deepening their understanding of SEL and trauma, and exploring how they can be proactive in establishing a trauma-sensitive environment in their classroom.

Please consider sharing your SEL-related background, expertise, and strategies with others!

Parameters for presentations:

- Presentations should each be 2 hours in length and should address a specific SEL-related topic.
- Presentations will be held on one of 2 dates (August 4 or 9, 2022).
- Presentations will have 2 learning objectives.
- Presenters can choose between 2 modes of presentation (face-to-face at the ROE or via Zoom)

For additional details, or to propose a presentation, please complete this [brief form](#) and submit it by May 9, 2022. We will be in touch by May 23, 2022 with the status of your presentation proposal and to share additional details and the next steps. If you have any questions, please reach out to mmcabee@dupageroe.org.

We look forward to learning more about your presentation, and we can't wait to kick off the new school year with you!
