

# THE NEW FOCUS ON *Science priority* LEARNING STANDARDS

GRADES  
6-8

Thursday, April 29, 2021  
3:30-5:30 p.m. | Via Zoom

*Are you looking for ways to effectively address unfinished learning? Join us as we explore powerful resources and tools to make informed and intentional instructional decisions.*

- Participants in this course will receive an overview of the new priority learning standards for the Next Generation Science Standards (NGSS).
- Strategies for implementation will be discussed.
- Discussions will focus on maintaining the integrity of the NGSS while demonstrating how other subject areas may be integrated, leaving the scientific concepts as the motivation for learning.
- Presenters: Kristin Rademaker and Jason Crean
