

# Priority Standards

## 5-PART PROFESSIONAL LEARNING SERIES

*Participants in the 5-part professional learning series will understand the rationale and process steps for prioritizing the Illinois Learning Standards (Common Core State Standards) in all grades and all content areas. They will be able to see the relationship between Priority Standards and supporting standards and how to use the established criteria to first select and then vertically align Priority Standards, K-12, in any content area, as the foundation for constructing an integrated teaching and learning system, i.e. a "guaranteed and viable curriculum."*
