AICDAC Recovery HUB
Feedback Request

AICDAC Recovery HUB has developed 3 surveys and is asking for feedback to help identify ways the HUB can support Recovery Support Service Workforce Development and Recovery Friendly Workplace initiatives in Region 6 and 7.

All 3 survey descriptions and links are to the right. The QR codes can be clicked or scanned to access to the corresponding survey.

#1. Recovery Support Service Workforce
This survey is for CRSs, CFRSs and Recovery Coaches to complete and will take about 5 minutes.

#2. Recovery Support Service Providers
This survey is for organizations that employ or utilize CRSs, CFRSs, or Recovery Coaches in their programs and operations and will take about 5 minutes to complete.

#3. Recovery Friendly Workplace
This survey is for anyone to complete and let the Recovery HUB know what businesses in your community hire/employ individuals in SUD Recovery. This can be from any sector and time to complete varies on the amount of input.

#1 Recovery Support Service Workforce

As part of our Recovery Workforce Development initiative, the AICDAC Recovery HUB is asking for input from individuals who are providing or interested in providing Recovery Support Services. Over the years, many people have been trained to become Certified Recovery Specialists, Certified Family Recovery Specialists and Recovery Coaches with intent to work and/or volunteer in recovery support roles. We want to know how that has taken shape.

#2 Recovery Support Service Providers

As part of our Recovery Workforce Development initiative, the AICDAC Recovery HUB is asking for input from organizations that are providing or interested in providing Recovery Support Services. Over the years, many people have been trained to become Certified Recovery Specialists, Certified Family Recovery Specialists and Recovery Coaches with intent to work and/or volunteer in recovery support roles. We want to know how that has taken shape from an organizational perspective.

#3 Recovery Friendly Workplace

As part of our Recovery Friendly Workplace initiative, the AICDAC Recovery HUB is asking for input to help us connect with employers from a variety of sectors that hire/employ individuals in recovery from substance use disorders. The Recovery HUB intends to build and maintain a list of organizations that are recovery friendly throughout regions 6 and 7, promote and market the lists through the regions, and engage with employers to build relationships and provide any needed training and technical assistance related to employing individuals in recovery.
