

## Community Transportation Forum and Walking Tour

Come join Community Transit and the City of Bothell for an engaging and interactive discussion on active transportation (bicycling, walking, riding transit) in Canyon Park. We will explore the benefits of promoting active transportation options to improve public health, economic vitality and community access in Bothell and beyond.

Keynote Speaker/Facilitator

### Mark Fenton

Public health, planning and transportation expert, and former host of the “America’s Walking” series on PBS television, who is trying to help America find its way to more active and livable communities.

**Wednesday, March 28, 2018**

**9:30 a.m. – 11:00 a.m.**

Walking Tour: 11:00 a.m. – 12:00 p.m.

Participants will be led on a 1-mile walk in the Canyon Park business park highlighting current active transportation options and discussing specific opportunities and challenges for improving access in the community. (Walking tour is optional for forum participants).
