

Msg from Nancy Balin of Jaimeson Jones Memorial Scholarship:

You may have heard our Big News recently: we just awarded scholarships to the graduating high school student in three local families who have suffered through childhood cancer. The grand total of these scholarships, which are renewable for all four years of college, is a \$40,000 commitment for Jaimeson Jones Memorial Scholarship. And we are going to make good on it.

But we need your help! And there are several awesome ways you can help which don't involve you spending any money!

FIRST:

We really could use some help picking up people's stuff. Got an afternoon or morning or Saturday, etc. you could donate to us to do some running around? That would sure help!

SECOND:

Are you in a business where you regularly come into contact with people who are downsizing, moving or otherwise need to get rid of stuff? We would be so appreciative if you would tell them about us and this fundraiser so that they would consider sending their "To Donate" items our way!

AND THIRD:

You can participate in the FunDrive yourself! Here are the details.

It's summer. You probably are getting a yen for cleaning out your own stuff! Well, we can help you with that!

From now until August 27, we will be collecting whatever stuff you have that you've been wanting to clean out and donate somewhere but just haven't had the time to deal with it - and all you have to do is bag it up! Value Village will pay us by the pound for household items that we deliver to them on August 28. Here's what they take:

Clothing

Accessories (hats, belts, scarves, etc.)

Shoes

Linens

Books

Household items

No furniture, please.

As long as all items we bring them are in good, clean and sellable condition, we get paid!

Our goal is \$1,000. That means we need to bring them the equivalent of 400 kitchen-garbage-size bags. Sounds like a lot, but with our crowd of supporters, and your deepest desire to clean out your garage, attic, closets, storage unit, kids' rooms (!), office, and all the other places you store stuff you don't want, we can do it!

Below is a link to our page at Value Village's donations component, which is called Savers - just copy and paste it into your browser and sign yourself up to clean out your house!

<https://fundrive.savers.com/e/goingnutswithallyouextrastuff>

Won't you help us by pledging to collect a few kitchen garbage bags' worth of stuff? Don't forget - We'll come get it!!

Thank you, Loyal Chamber Friends!

Nancy Balin
