

2019 TOYS FOR TOTS GUIDELINES

FOR BUSINESSES/ORGANIZATIONS

- Thank You on behalf of the SSgt Cohee Detachment, Marine Corps League for your support of the 2019 Toys for Tots Campaign.
- All donated toys should be new and unwrapped.
- We do not accept toy guns/rifles/bow & arrow sets.
- Collection boxes will be provided to all businesses/organizations by one of our volunteers around the middle of October.
- All financial donations must be given to the volunteer working with you. Checks should be made payable to the Toys for Tots Foundation. All donations collected locally are spent with local businesses. These funds allow us to supplement our toy collection campaign, and in many cases to meet the individual needs of those agencies that receive toys.
- The collection boxes will be picked up between December 16th and 20th. The reason for the early time frame is to allow our volunteers to get the toys to family and social service agencies that do the actual distribution to families.
- Should toys be donated after December 20th, they will be picked up.
- Many general questions can be answered by visiting the Toys for Tots web page: <http://www.toysfortots.org>. For specific information about Toy for Tots on the lower shore, click on Donate a Toy on the tool bar, then **select a state (Maryland)**, and then click on location and select any of the **lower 3 counties** on MD's eastern shore. Our web page is similar to the Foundation's.
- Our local web page will list all businesses that collect toys as a Toy for Tots drop off location.
- Results of the Toys for Tots 2018 Campaign on the lower eastern shore: **10,251 toys were collected and distributed to 5,695 children through 25 family and children service agencies.**
- OUR SUCCESS CONTINUES TO BE DUE TO BUSINESSES/ORGANIZATIONS THAT SUPPORT TOYS FOR TOTS AS A DROP OFF LOCATION FOR TOYS, AND BECAUSE OF THE GENEROUS DONATIONS FROM CITIZENS THROUGHOUT THE LOWER SHORE.

If you have any questions please contact:
