

"STARS IN OUR WINDOW"

By

Helen Anderson Glass

One BLUE STAR banner in our window
Our family proud as they can be
Then another BLUE STAR in the window
For one on land and one on sea
Then One GOLD STAR that replaced the BLUE
Our family at a loss. What do they do?
We prayed for God to be with us that day
To help take our hate and sorrow away
But time heals all wounds and they knew
The other Star in the window was still BLUE
God be with all those Blue Stars and we pray
They will all come home safe and sound some day.

God be with those Gold Stars and their families wherever they are. And with the families of those Blue Stars troops still in active service.

Helen's brother joined the Navy on Jan. 1942 after graduation and Helen joined in March of 1943. She became a Gold Star sister on September 11, 1943 when her brother was KIA at Salerno, Italy on the USS Savannah.
