

Members,

The National Executive Committee Members voted to postpone the National Convention from July 26-30, 2020 to sometime in September. The National Adjutant will work the dates out with the Marriott Hotel in Charleston West Virginia once the dates are confirmed we will send out to the new dates to the Membership. Please make sure that you cancel your reservations for the convention dates of July 26-30, 2020. We will revisit the status of the National Convention in August to make sure we can have a face to face meeting if we are still required federally not to travel etc... We will request for cancellation from the National Executive Committee. I hope that you are all staying safe.

Yours in Patriotism,

Felix Garcia III
National Commander
