

Good morning Darren,

As indicated in my email on July 25, 2022, I am following-up to share the outcome of The Liquor, Gaming and Cannabis of Authority of Manitoba's (LGCA) investigation into race 5 held on July 20, 2022.

As you are aware, at the completion of race 5 on July 20, 2022, the LGCA initiated our standard investigative processes. In this case, this included such steps as interviewing witnesses, analyzing video replay, and reviewing wagering data. The LGCA has determined that no Rules of Thoroughbred Racing were violated. Therefore, adjustments to the order of finish are not required.

Thank you for your continued efforts to ensure the integrity of thoroughbred racing in Manitoba.

Best regards,

---
