Welcome to UWC-USA's annual conference. This year's conference topic is Justice in an Urgent Era. We appreciate your willingness to participate and contribute. Hopefully you will hear and listen to some viewpoints that are different than yours and even some with which you strongly disagree. Please remember that without attempting to understand one another's perspectives, conflict cannot be transformed. We ask that all presenters and participants strive to engage constructively with one another. Ask questions and disagree, but please do so respectfully.

- Please do not use tobacco, drugs, or alcohol during the conference or while you are on campus.
- Please do not enter the student dormitories unless you have been assigned to stay there.
- If you are staying overnight at the UWC-USA Field House, your presence at evening check in the Field House is required at 9:30 pm (unless otherwise announced). Please be prompt. You may leave the Field House after 'check' but need to be back in the Field House before midnight. Someone will be staffing the Field House and can help you with any logistics during your stay there.
- Hot Springs close to students at 9:30 pm
- No violence, weapons, harassment, hate speech, or bigotry will be tolerated.
- Valuables should be kept locked in your personal vehicle or lodging area. UWC is not responsible for lost items.

Thank you for your support in creating a positive community. We hope your time with us is invigorating, thought-provoking and fun! Should you need assistance contact Security at +1 505 454 4288 or talk with a staff person or call Naomi, conference coordinator, at +1 910 264 4483. We look forward to our time together!
