

Thanks to everyone who donated to our Easter Giving Project supporting Homeless Intervention Services, OC with bus passes and shelter. HIS-OC provides multiple programs that assist people who are homeless or at risk or becoming homeless. Residents can stay 4-6 months, in a home-like environment, while they establish themselves in a career and build up savings in order to transition into permanent housing. They house over 150 men, women and children each year in a spirit of dignity and love. We received just over \$10,500.
