

HOUSTON
COMMUNITY COLLEGE

Houston Community College can show you how to earn up to 24 college credits for your HCSO basic peace officer academy training, and earn your Associate's Degree .

We can set you up on a degree plan which will convert your academy hours into college credits. Once converted, you will be able to take college classes (online or face to face) thru HCC so that you can earn your associate's degree.

Additionally, full time peace officers pay a reduced fee for all criminal justice classes taken towards their degree. This discount can be obtained thru HCC by the use of a Tuition Exemption form, which our Academic Advisor will provide to you. To get started, do the following;

- Complete an admissions application by going to www.applytexas.org
- Obtain a letter from your agency which states your name, hire date, and that you are employed as a full time peace officer, which is signed by your supervisor.
- Provide a current resume
- Provide a copy of your HCSO academy certificate

Once you have completed these steps and have the necessary documents, contact our academic advisor, Ms. Angela Cormier angela.cormier2@hccs.edu (713-718-2164). She will provide you with your degree plan and show you how to get started in your journey towards obtaining your Associate's Degree thru HCC.

If you have any questions, please feel free to contact me. I am the program director for our Criminal Justice/Law Enforcement Program and I will do all I can to help you achieve your goals.

Rodney Jackson

Program Director, Criminal Justice / Law Enforcement
