

Accessibility in Your Community Webinar

MouthPad[^]

The world at the tip of your tongue.

Thursday, February 26, 2026

12:00 - 1:00 pm

Zoom Platform

Come learn about the world's first hands-free touchpad!

- A safe and comfortable Bluetooth device that fits perfectly on the roof of your mouth.
- It converts subtle head and tongue gestures into seamless cursor control and clicks on your phone, computer, or tablet.
- It empowers people with motor disabilities to connect, communicate, and create—on their own terms.
