

**Do you have a developmental or intellectual disability?**

**We want to learn from you!**

We are doing **interviews** with adults with intellectual and developmental disabilities so we can learn how to make a survey easy to use for people with disabilities. This survey can help doctors, therapists, and other people who work in healthcare learn about your strengths.

We want to know:

- Is the survey easy to use?
- Do you like taking the survey?

**Your opinion is important!**

Interview

### **What will happen during the interview?**

- The interview will be 1-2 hours long. You can take breaks if you want.
- You will talk with a researcher and share your ideas about the questions.
- The information you share will help us make sure the survey is easy to use.
- Everything you say is private.
- \$50 “thank you” gift card.

**\$50  
Gift card**
