**THIS COLUMN, “A DAY IN THE LIFE”,** is intended to offer our members an inside look at what it’s really like to work at Wolf Haven. As supporters, you certainly deserve to peek behind the curtain and see how we accomplish our mission through providing sanctuary, offering education and promoting conservation.

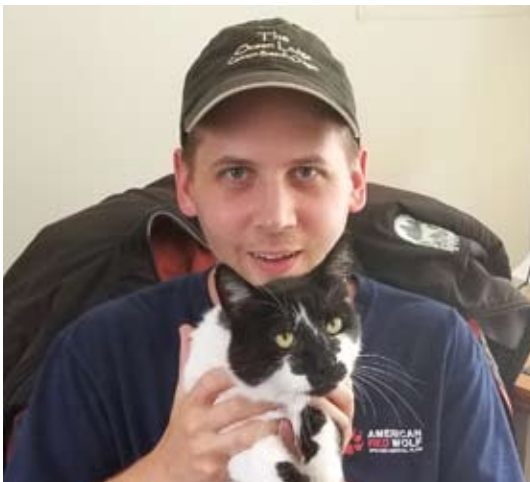

But what happens at the end of day, when Wolf Haven staff return to their homes and loved ones? As you might have guessed, some of the people working here have humans to greet them – but nearly all staff have a furry companion (or two or three) to welcome them home. Here then, is a look at the non-wolves in our lives. 🐾
