If you would like an informed brief review of your child's IEP to help you decide whether the school district is providing your child all that they should be, our experienced staff can provide you with an

IEP CHECKUP!

We will review your child's last two IEPs and two most recent evaluation reports and provide you with feedback and useful information to determine if your school should be doing more for your child.

Feedback will include:

- Is your child making adequate progress?
- Does the IEP identify the major needs that your child has?
- Does the IEP have goals in the right areas that will support appropriate progress?
- Do the services and strategies provided match up with the needs and goals?
- Does the placement appear to make sense in light of your child's needs?

Our IEP Check Up will provide you with a written report with answers to these questions and a chart to assist you to see the progress that your child is (or is not) making. The check up will be performed by our staff of knowledgeable advocates and attorneys. The charge for this service is \$500. If you need further assistance, we will be happy to arrange a consultation with you to discuss further steps to be taken to secure your child's rights.

Contact Tami Kuipers at our office at 866-787-9270
to make arrangements for your IEP CHECKUP!
