

Has your CPS child received all of their special education services?

INFORMATION SESSION & FREE LEGAL CONSULTATION

The Illinois State Board of Education (ISBE) found that Chicago Public Schools violated the law by denying or delaying special education services to thousands of students. If this happened to your child, you might be able to get extra services or supports.

If your child did not receive or had the following services delayed during the 2016-2017 or 2017-2018 school year, they could be eligible for Student Specific Corrective Action (SSCA).

- Extended School Year (ESY, summer school)
- Therapeutic Day School (outside placement)
- Paraprofessional Support (Aide)
- Transportation
- Eligibility for special education services
- Other failures to provide adequate support

RSVP, questions, or for accommodations or interpreter: 312.895.7223
williamh@equipforequality.org

All workshops will include

- **Corrective Action Workshop** on the ISBE investigation and options for seeking compensatory education
- **FREE Legal Assistance** about your legal claims*
- **Know Your Special Education Rights Presentation**

**Please bring your child's IEPs from 2015 onward if you have them.*
