SOUTH TEXAS GRAZING LAND COALITION
PRINCIPLES B4 PRACTICES
DEVELOPING YOUR OWN CONSERVATION PLAN

Thursday, September 25, 2025

Attendance is limited to 50 participants. Questions? Call 361.522.3287.

Multiple seasoned grazers and technical advisors will be available to work on your conservation plan. This will be a unique workshop opportunity where each participant will have the opportunity to make hands on conservation plans using their own ranch map.

AGENDA

8:00 Registration

8:30 Deliver ranch maps to participants

9:00 Introduction

9:30 Short presentations followed by panel discussion (*topics will include: soil health, ecological history, harvest efficiency, cow efficiency, carrying capacity, rotational grazing, breeding seasons, grazing for wildlife, contingency planning, economics of grazing, and USDA programs*)

12:00 Working lunch sponsored by Orion Companies

1:00 Rainfall simulator demonstration

1:30 Work on example scenario (*mock ranch practices, stocking rate, brush management, fencing, holding facilities, water development*)

2:30 Work on personal conservation plan (*determining objectives, identify resources concerns, formulate and evaluate alternatives, choose best practices*)

Scan the QR code to RSVP. Please RSVP by 9/12/25 for catering purposes.
