# DISASTER RECOVERY

## Virtual Training Sessions

**The SBA's Office of Disaster Recovery and Resilience is offering free, one-hour virtual trainings throughout June!**

Experts are predicting an extremely active 2024 hurricane season.

At this training, you will learn about SBA's disaster loan program for homeowners and renters, businesses of all sizes, and non-profit organizations. When there's a large disaster, both FEMA and SBA assist survivors.

Disaster loans can:

- close the gap between your insurance and what you need to fully recover
- cover hurricane deductibles
- help you build back stronger
- save you money on interest
- no payments and no interest for the first 12 months

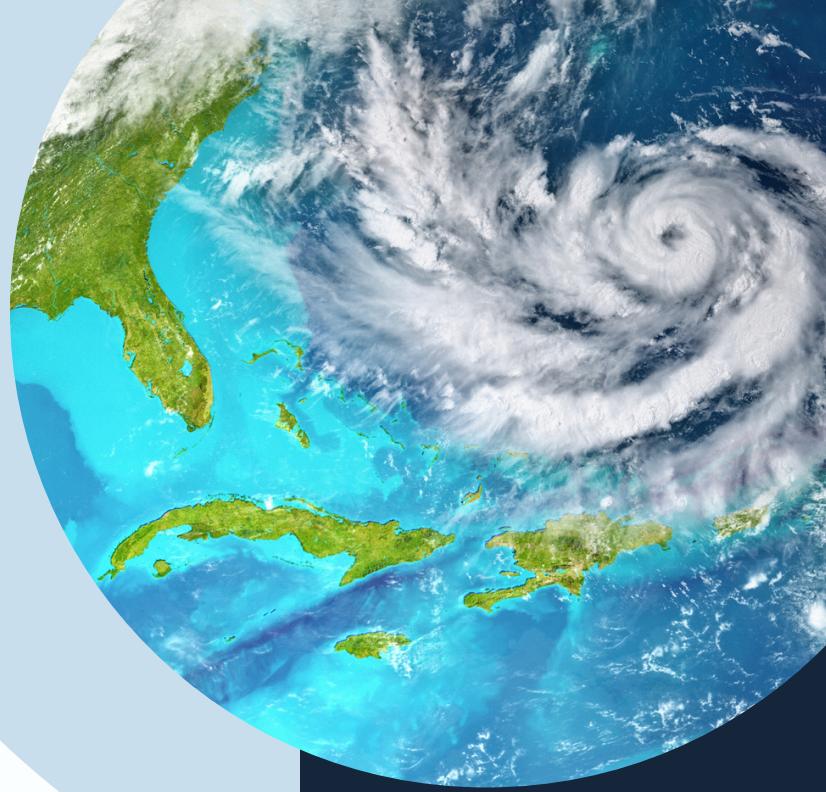

Business owners, landlords, entrepreneurs -- disaster loans can cover your physical losses and working capital needs. Learn how SBA disaster loans can help you-- and your community! --rebuild.

The SBA is offering 7 different training sessions between June 12-27.
