

Worship Festival

with Dr. Marcia McFee

Saturday, April 6, 2019

8:30am-3:30pm

Avon Lake United Church of Christ
32801 Electric Blvd, Avon Lake, OH

For two decades Dr. Marcia McFee has been a renowned worship leader and designer of worship for regional and national church gatherings. She has taught at 11 seminaries. But her main call to ministry is creating interactive learning environments where local churches of any denomination can experience ways to create “deep soul” worship that honor our traditions while offering the message through 21st century mediums. She is the creator of Worship Design Studio (www.worshipdesignstudio.com), an online experience of education, inspiration, coaching and a design application.

Come, Pastors, Worship Teams, Music Directors, and all
to explore how to create worship with deep soul.
