

# Mission, Vision, and Values

## Mission & Vision

**Mission:** *Advance quality health professions education.*

**Vision:** To be the definitive marker of quality enhancement in health professions education.

## Core Values

- **Accountability:** We are responsible for our processes, decisions, and outcomes.
- **Consistency:** We strive for alignment in the application and interpretation of standards.
- **Collaboration:** We work toward shared goals - recognizing that we are better together.
- **Innovation:** We create value by generating new ideas and adapting to evolving stakeholder and environmental needs.
- **Integrity:** We establish high standards and consistently do the right thing.
- **Sustainability:** We ensure fiscal responsibility while remaining responsive in a changing environment.
