

NEW PARTNERSHIP

CASITADE LUZ in Lanzarote SPAIN

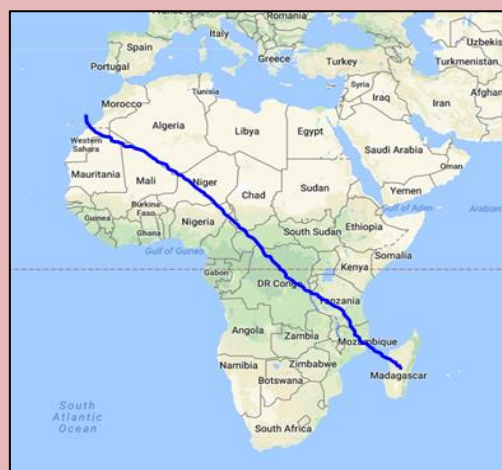

supports

TENAQUIP kindergarten MADAGASCAR

Gracias !!!

Parents and teachers of the Waldorf kindergarten 'Casita de Luz' in Lanzarote took up a 3 year partnership for a developing Steiner/Waldorf initiative in Madagascar. To raise funds they wrote, rehearsed and performed a theatre play which turned out to be a big success. They reported that by working together for others they were able to strengthen their work together and at the same time became very positively well known in the town which led to an increase of children enrolled!!!

Casita De Luz also sent a book of the play, pictures of the work of making the backdrop, and finally a video version of the play.

“ The most inspiring thing about Waldorf people is how much they want to help other initiatives! In a world that tends so much towards competition, it's such a joyous occasion when impulses to help come to pass on such a large scale. “

Kathy Lucking, project coordinator
