AFTER-SCHOOL ENRICHMENT

# Discovery Programs

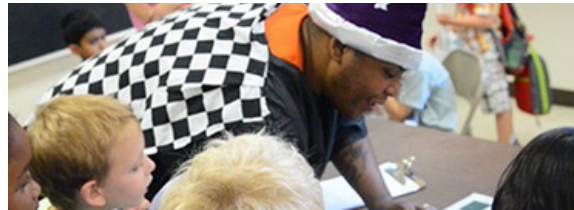

SPRING 2023 - LOWER/MIDDLE SCHOOL

## CHEER & HIP HOP

Instructor: Stephanie

Stephanie looks forward to teaching and sharing just why she loves the arts of dance and cheer. She specializes in hip-hop and pro-league dance classes.

## CHESS

Instructor: Chess Wizards

Chess classes and lessons are based around our original, fun, and high-energy Chess Wizards curriculum. Regardless of a child's ability Chess Wizards makes chess fun for all!

## CHOIR

Instructor: Rabbi Nachshoni

Learn great songs, make connections, boost confidence and improve your singing.

## ISRAELI DANCING

Instructor: Bnot Sherut

**Girls Only:** Journey to Israel through dance and music! Enjoy the vibrant, engaging music of Israel, and its diverse styles, rhythms and movements.

## BASIC SEWING

Instructor: Morah Gambulos

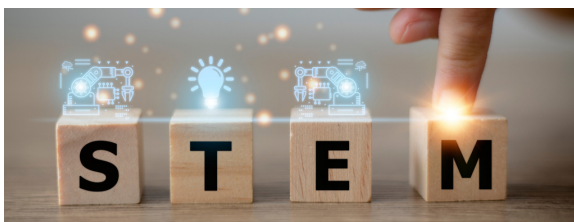

Learn the basics of measuring, cutting, and following a simple pattern. Advanced students will use a sewing machine under supervision. Everyone will take home a project at the end of the class.

## SPANISH

Instructor: Morah Andrea

Learning Spanish in the early childhood ages can improve a child's academic skills by nurturing listening, memory-retention, and problem-solving skills.

## STEM - BUILD A BOT

Instructor: Makayla

This mechanical engineering program — not computer based. Projects include: Balance Car, Wind-Power Car, Motor Generator, Bubble Machine and Double-Layer Car.
