

Greetings from MDPAC,

I am writing you today with an urgent request for help.

You may have heard the **NEWS ALERT**:

 **SB 279 (NP broad scope expansion) has a Senate hearing on Wednesday!**

MSMS is prepared to testify in opposition, but we didn't expect this bill to have a hearing so soon.

With this development, our government relations team needs to shift into high gear, and Michigan physicians need to provide support.

Want to keep physicians at the head of the healthcare team?

It's as easy as **1-2-3**:

1 Contribute to MDPAC so we can fight SB 279: [Donate \(mdpac.org\)](http://www.mdpac.org)

(We need 25% of you to commit to \$25/month – We can do this!)

2 Send an email to your legislator via this action alert:

<http://www.votervoice.net/UserSite/MSMS/Campaigns/104439/Respond>

3 Place a call to your Senator's office or find a coffee hour to attend (see recent medigram for dates and locations)

LET'S DO THIS!

With gratitude,

A handwritten signature in black ink that reads 'Leah Davis, DO'.

Leah Davis, DO
Chair, MDPAC
